## **EXECUTIVE SUMMARY**

In accordance with Corporate Policies No. 113: Financial Management – Budget Management and No. 1: Accounting Principles, this report explains the significant variances in the actuals compared to the approved 2018 operating budget and recommends the allocation of the surplus.

The preliminary unaudited 2018 financial position of the Town is resulting in an estimated surplus of \$1,395,671. The financial position of the Town can change throughout the year due to many factors including weather, utility and fuel usage and rates, tax write-offs and position vacancies. The increase in the 2018 estimated surplus relative to what was being projected in the fall of 2018 is primarily due to the following factors:

- Winter control savings in materials and contracts due to minimal November/December activity - \$365,201
- Utility savings due to hydro revisions to the global adjustment and debt retirement charges \$229,000
- Additional staff vacancy savings in Q4 \$175,777
- Fewer tax write-offs and higher penalties and interest than projected \$209,000

The recommended transfers from the operating fund noted within the recommendations are being made based on increasing specific reserves for which balances are low relative to the target balance.

The audit of the 2018 financial position is scheduled to begin on April 22, 2019. Final results will be confirmed in the 2018 Financial Report scheduled to be presented at the May 27, 2019 Council meeting.

# REPORT

## Background

Final 2018 variance reviews were carried out in January and February 2019 with operating budget managers to identify key variances as well as to finalize 2018 accounts payable and accounts receivable accruals. Final 2018 program results will be presented in the forth-coming audited year-end financial statements. The results of the variance reviews and analysis of the year-end position of the operating budget are being presented in this report.

## Discussion

The final year-end position of the Operating Fund is an estimated surplus of \$1,395,671. This represents a variance of 2.4% on net budgeted expenditures of \$57,088,275 and 1.1% on the gross expenditures of \$126,745,129 and is within the range of variances experienced over the past five years as shown in the table below:

| Variance<br>(\$Millions)      | -\$0.03 | \$1.48 | \$0.61 | \$0.92 | \$1.40 | \$0.9 |
|-------------------------------|---------|--------|--------|--------|--------|-------|
| % Variance to<br>Net Budget   | -0.1%   | 3.3%   | 1.3%   | 1.8%   | 2.4%   | 1.7%  |
| % Variance to<br>Gross Budget | 0.0%    | 1.4%   | 0.6%   | 0.8%   | 1.1%   | 0.8%  |

| The estimated T | Fown position at the | end of 2018 by de | partment is as follows: |
|-----------------|----------------------|-------------------|-------------------------|
|-----------------|----------------------|-------------------|-------------------------|

| DEPARTMENT                               | NET BUDGET   | ACTUALS <sup>1</sup> | VARIANCE    | PERCENT   |
|------------------------------------------|--------------|----------------------|-------------|-----------|
| DEFARTMENT                               | NET BODGET   | ACTUALS              | F / (U)     | OF BUDGET |
| MAYOR & COUNCIL                          | \$ 582,175   | \$ 521,000           | \$ 61,175   | 89%       |

| Less: BIA Surplus <sup>3</sup>           | -            | 27,226               | (27,226)    |           |
| Net Town Surplus                         | \$-          | \$ (1,395,671)       | \$1,395,671 |           |

Notes:

1) Figures include rounding and may result in minor variances to the attached Financial Schedules.

2) The Library surplus will be transferred to the Library Tax Rate Stabilization Reserve in accordance with the Town's Reserve Policies.

3) The surplus of the BIA will be transferred to the DBIA Surplus Reserve in accordance with the Town's Reserve Policies.

The significant variances in each department are outlined in the report below:

## Mayor & Council - \$61,175 Favourable

The surplus is primarily due to reduced participation rates in the available benefits program as well as fewer investigations required of the Integrity Commissioner through 2018.

### Executive Services - \$276,908 Favourable

Fire Services generated a surplus of \$112,609. Approximately half of this due to lower than expected utility costs at the Fire Stations and additional provincial recoveries resulting from the high number of calls on the 401 highway, partially offset by higher than anticipated fuel costs. The balance of the surplus resulted from savings in salaries and benefits. The hiring of an additional fire crew for Fire Station No. 5, approved through the 2018 budget, was delayed until December 2018 to proactively manage the anticipated financial impacts associated with Bill 148, collective agreements and the internal job evaluation process.

Staff vacancies within both Corporate Communications and Economic Development led to savings of \$95,058. Bringing some anticipated external graphic design work in-

house generated savings of \$18,742. Higher than anticipated rental revenue combined with savings in utility costs led to a surplus for the Milton Education Village Innovation Centre of \$52,347. Reduced legal activity added a further \$91,709 to the surplus. These savings were partially offset by a shortfall in court award fines of \$130,762.

## Corporate Services - \$627,726 Favourable

The Information Technology division realized a surplus of \$288,792 in 2018 of which \$249,284 resulted from the deferral of projects, a redesign of the Microsoft licensing model, savings in service agreements and savings in the Town's communication infrastructure.

The Finance division realized a surplus of \$171,595 primarily due to staff vacancies.

The Town Clerk's Division is reporting a surplus of \$174,080. Savings in expenses of \$395,598 was mostly due to staff vacancies as well as some savings in various contracts including corporate accessibility and animal services. Partially offsetting this was a \$221,518 shortfall in revenues due to reduced parking ticket and licensing revenues.

## General Government - \$174,219 Favourable

The savings are related to lower than expected tax write-offs of \$287,490 as well as some additional taxation revenue from penalties and interest. Offsetting a portion of the variance is an increase in allowance for bad debts for general receivables of \$115,271 primarily related to uncollectable sign fines.

## Engineering Services - \$72,349 Favourable

The Operations Division is reporting a surplus of \$362,566 primarily due to savings in winter control materials and contracts of \$221,201. Contractual savings in Parks of \$260,000 was the result of favourable pricing on various tenders. The deferral of catchbasin cleaning work into 2019 added a further \$60,000 to the savings. Utility costs, primarily within Parks, was \$45,563 lower than anticipated. Partially offsetting the above variances was a deficit of \$243,560 in salaries and benefits largely due to the impacts of Bill 148 and the job evaluation.

Transit Services is reporting a deficit of \$150,791. While overall 2018 ridership has grown, monthly pass usage rates have increased relative to a decrease in the number of cash fare paying trips, resulting in an overall shortfall in fare revenue. Also

contributing to the variance was increased trip demand on specialized services and higher than anticipated fuel prices.

Infrastructure Management is reporting a savings to budget of \$462,497 due primarily to savings in traffic control of \$309,172 from lower than anticipated hydro costs, reductions in contracted work including pavement markings, maintenance of traffic signals and railway crossings, fewer railway crossing upgrades and reduced purchases of cobra head streetlight replacement parts in anticipation of the conversion of street lights to LED. Savings in crossing guards of \$73,269 resulted from a delay in anticipated new school openings. More than the anticipated number of roadway permits were issued in 2018, which led to an increase in revenue from permit and inspection fees of over \$35,000.

Development Engineering is reporting a deficit of \$539,051. Of this amount, \$399,513 relates to performing more work on undeveloped subdivisions than was recovered through the Engineering and Inspection fees. Through the 2016 User Fee Study, CORS-047-16, the fees were updated to start addressing the deficit however further shortfalls are likely to be incurred until existing multi-year agreements entered into using the previous fee structure are complete. A further \$197,195 is due to lower fees related to slower than anticipated new development.

Engineering Services Administration is higher than budget by \$62,868 due primarily due to the requirement for additional administration support on a contract basis which was funded through savings from within the Engineering Department.

## Community Services - \$205,804 Unfavourable

Recreational and Cultural Facilities were unfavourable by \$246,304. This was primarily due to unplanned equipment and maintenance repair work of \$453,883 which was required to maintain levels of operation and safety. Offsetting these costs were higher than anticipated facility rental revenues, particularly in the area of cycling as well as savings due to staff vacancies and hydro costs.

Programs were favourable by \$45,824 largely due to higher than anticipated program revenues of \$100,414 primarily associated with both aquatics and fitness membership fees. Partially offsetting the surplus was \$77,000 related to additional applicants to the Financial Assistance program and the impact of Bill 148 particularly in the area of camps and aquatics.

## Planning & Development - \$389,098 Favourable

The surplus is primarily a result of \$240,679 additional user fee and service charge revenues including Official Plan zoning amendments and site plan fees. Staff vacancies throughout the year contributed a further \$133,587 to the surplus.

Although building permit revenue was \$817,624 under budget it was largely mitigated by a conservative approach to staffing. This resulted in a lower than anticipated contribution from the Building Stabilization Reserve Fund to fund the overall shortfall in the Building Division. Building permit fees were increased effective September 1, 2018 (CORS-046-18) which will continue to mitigate future shortfalls and ensure the Town is moving towards achieving the Building Rate Stabilization Reserve Fund target balance of two year's annual direct costs of building permit review.

## Library - \$54,262 Favourable

Staff vacancies and a re-alignment of staffing through 2018 resulting in savings of \$121,193. These savings were offset by additional purchases of office equipment/furniture for the Main and Beaty Branches.

## Reserve and Reserve Funds Transfer to/from the Operating Fund

Staff are reporting the transfers to and from reserves and discretionary reserve funds that deviate from the budget based on actual activity. Many of the transfers to reserves and reserve funds are driven by external revenues and do not impact the operating fund surplus. Explanations for those with significant variances follow the table below.

|                                      | Operating Budget Transfer To/(From) Reserve* |               |                |  |  |  |  |
|--------------------------------------|----------------------------------------------|---------------|----------------|--|--|--|--|
|                                      | (Surplus) /                                  |               |                |  |  |  |  |
| Reserve/Reserve Fund                 | Budget Actual                                |               | Deficit        |  |  |  |  |
| Aggregate Permit Fees                | \$ 301,919                                   | \$ 56,439     | \$ 245,480     |  |  |  |  |

Note: \*Excludes transfers to/from Development Charge Reserve Funds.

The following are explanations of the significant variances in reserve and reserve fund transfers within the operating fund:

- Aggregate Permit Fees (\$245,480 deficit) Revenues collected from the Ministry of Natural Resources for extracted aggregates were lower than anticipated. Due to the trend of declining revenues the annual transfer was reduced in the 2019 budget.
- Building Rate Stabilization (\$228,177 surplus) Building permit revenues were lower than budget in 2018 however savings in expenditures including salaries, benefits and internal chargebacks resulted in a lower than anticipated transfer from the Building Rate Stabilization Reserve Fund.

- Capital Provision (\$2,155,333 deficit) Fewer residential building permits were issued than anticipated resulting in lower Capital Provision revenues being collected through financial agreements.
- Capital Works Reserve (\$1,078,559 surplus) Supplementary taxes above \$985,000 were transferred as per the approved 2018 budget. Higher than anticipated interest earned on unspent capital funds and debenture charge savings on previously approved however not yet issued debt were also transferred.
- Computer Replacement (\$94,276 surplus) Additional photocopier recoveries were transferred to the Computer Replacement Reserve.
- Equipment Replacement (\$272,436 surplus) Proceeds from the sale of equipment, savings in fuel costs and a higher utilization of equipment resulted in a surplus within the fleet division and transferred to the Equipment Replacement Reserve.
- Elections (\$26,053 surplus) Transfer to operating was reduced due to lower than anticipated election expenditures.
- Growth Related Resources (\$151,754 surplus) Excess engineering and inspection fees collected as part of the subdivision process were transferred to the Growth Related Resources reserve.
- Insurance (\$178,557 surplus) As previously reported through the 2nd Quarter Capital Variance, CORS-058-18, \$74,922 in recoveries for a bus replacement that was damaged due to a fire was transferred to the Insurance Reserve along with additional recoveries that will be utilized to help offset future legal costs associated with insurance claims and settlements.
- Investment in the Arts (\$2,024,879 deficit) As previously reported through the 2018 Operating Variance report, CORS-067-18, and the Milton Centre for the Arts – Free Children's Program report, COMS-020-16, funds were transferred to the Community Foundation of Halton North (CFHN) to help support the Every Milton Child, Every Year Arts Program.
- Ontario Lottery Corporation Proceeds (\$890,166 surplus) Additional funds received were transferred to the Ontario Lottery Corporation Proceeds Reserve Fund.
- Perpetual Maintenance (\$99,655 surplus) Funds received from Developers to support long-term maintenance on above standard infrastructure built by Developers.

- Per Unit Processing Fee (\$521,612 deficit) The per unit processing fee revenue was lower than anticipated due fewer residential units of development than anticipated.
- Property Transactions (\$7,013,495 surplus) Proceeds from the sale of land parcels, including 101 Nipissing Road, were transferred to the Property Transactions Reserve Fund for future land requirements.
- Tax Rate Stabilization (\$611,879 surplus) The main driver of the surplus is excess investment income revenue transferred to the Tax Rate Stabilization reserve in alignment with Corporate Policy No. 110 - Financial Principles and the budgeted 2019 transfer to mitigate the current shortfall in the reserve as compared to the target balance.
- Training (\$59,124 surplus) Anticipated training activities were not completed and the surplus was transferred to the Training reserve in accordance with the Town's Reserve and Reserve Fund policies.

## Reserves and Reserve Funds Continuity

The final reserve and reserve fund balances for 2018 are outlined in the table below. Transfers from Operating total \$35.7 million and include grants or other funds received. Other transfers total \$28.8 million and represent revenue from external sources such as federal and provincial levels of government and developers.

As part of capital project financing, \$59.1 million was transferred from reserves and reserve funds in order to fund projects. Transfers to operating for 2018 total \$10.1 million which includes contributions to support the operating budget for activities including: insurance and WSIB transactions, legal matters, arts programming, transit costs, and debt principal and interest payments.

\*\*Includes Development Charge Exemptions (\$1.6M)

### **Debenture Obligations**

During 2018 the debenture obligations decreased from \$49.2 million to \$42.7 million due to \$6.5 million in principal repayments. Based on the timing of capital project spending no new debt was issued in 2018.

In addition to the \$42.7 million outlined below, \$7.8 million of debt that has been previously approved by Council remains yet to be issued at 2018 year end.

| Existing Debenture<br>Obligations   | Dec 31, 2017<br>Balance | 2018 New<br>Issuance | 2018<br>Principal<br>Payments | Dec 31, 2018<br>Balance |

The Hospital sinking fund debenture is held and managed by the Region of Halton, for the purposes of retiring the debt at maturity. The annual \$302,726 sinking fund contribution and the interest income to be earned on the investments of the sinking fund over 30 years are projected to fully cover the principal payment due at maturity.

## 2018 Accounts Receivable Write-off

Accounts Receivable Corporate Policy 155 states that any write-offs of amounts owing to the Town in excess of \$500 must be approved by Council. Staff is seeking Council approval to write-off balances relating to four receivable accounts. The following is a summary of accounts recommended to be written off:

| Invoice #                           | Amount         |                                | Invoice Detail                                               | Reason for Write Off                                                                                 |

| Total                               | \$             | 6,904.51                       |                                                              |                                                                                                      |

### Recommended 2018 year-end accounting entries

As part of the year-end process, staff considers the distribution of year-end surplus or funding of deficit based on Council approved policies. For 2018 year-end, staff are recommending the following distributions of the surplus:

1. Transfer \$500,000 to the WSIB Reserve.

As a municipal government, the Town is classified as a 'Schedule 2' employer through the Workplace Safety and Insurance Board (WSIB), which means the Town is responsible for the full cost of the accident claims filed by its employees. The reserve is used to fund any claims associated with accidents in the workplace to minimize volatility on the operating fund. As per the most recent actuarial valuation, the estimated 2018 WSIB liability is \$1,605,079. After the recommended transfer of \$500,000, the balance in the WSIB Reserve will be \$1,339,615, which will reduce the shortfall in the target balance to \$265,464.

2. Transfer \$221,201 to the Winter Control Reserve

Through the 2019 budget the annual transfer to the winter control reserve in the amount of \$139,517 was eliminated on the premise that the budget is reflective of the average historical spending in winter control over the past five years. The estimated balance for the winter control reserve at 2018 year end is \$1,245,821 which equals approximately 30% of the winter control budget. The target balance is 25%.

Weather related impacts, particularly due to winter events, can cause unexpected financial impacts to the Town. The 2018 savings in winter control of \$195,166 are being recommended to be transferred to the winter control reserve to continue to set aside funds to mitigate the financial impact of future winter events.

3. Transfer \$400,000 to the Infrastructure Renewal Reserve

In 2017, the Town expanded upon its prior Asset Management Plans (AMPs) to include park, sports field and streetlight infrastructure. Through that update, a lifecycle funding analysis that leveraged the Town's Public Sector Accounting Board (PSAB) data suggested that the Town has an annual infrastructure funding deficit of \$33.2 million. While the introduction of financing strategies that include a \$1.0 million annual capital contribution were expected to mitigate a portion of the deficit, a significant shortfall was expected to remain after a 20 year period. This recommended transfer of \$400,000 would continue to build the Town's reserves for infrastructure renewal.

4. Transfer the remaining surplus, estimated at \$274,470 to the Tax Rate Stabilization Reserve.

The Tax Rate Stabilization Reserve is used to mitigate tax rate changes during the preparation of the annual budget and to protect the Town against any unanticipated expenditures of an operating nature. This reserve would also be used to fund any unanticipated deficits that may occur in the fiscal year.

The target balance for the reserve is 10% of the previous year's tax levy (excluding library), or \$5.2 million for 2018. The Tax Rate Stabilization Reserve is estimated to have an ending balance of \$2.0 million for 2018. In accordance with Financial Principles Policy No. 110 additional transfers from excess investment income are now being allocated to the reserve to increase the balance. However, the impact in 2019 is being reduced by a one-time transfer of approximately \$0.2 million to achieve the full annual financial benefit of the reductions made through the 2019 budget as well as to manage the final assessment growth amount.

## **Financial Impact**

The estimated final year-end position of the operating fund is an estimated surplus of \$1,395,671. This report is providing recommendations for the allocation of the surplus for consideration by Council and will facilitate the completion of the 2018 year-end accounting activities.

The variances discussed herein as well as the final reserve and reserve fund balances will also inform the management of the 2019 approved budget and the development of the proposed 2020 budget.

Respectfully submitted,

Troy McHarg Interim Commissioner, Corporate Services
