From:	Barbara Koopmans, Commissioner, Planning and Development
Date:	July 8, 2019
Report No:	PD-028-19
Subject:	Recommendation Report - Street Name Bank
Recommendation:	<b>THAT Council approve the inclusion of additional street names to the Street Name Bank, as tabled in Appendix "A" to PD-028-19.</b>

## EXECUTIVE SUMMARY

Members of the public continue to nominate new street names for Council's consideration. In September 2015, Council approved report PD 042-15, endorsing new criteria for the evaluation of street names under "Corporate Policy No.070: Naming-Streets".

Consistent with corporate policy, this report recommends the inclusion of fifteen (15) additional street names into the Town's Street Name Bank.

## REPORT

### Background

The Town of Milton Corporate Policy 070 sets out the process for naming new streets in Milton. It includes three (3) Approved Street Name Categories to which new street names need to comply. These categories are:

#### A. Historic Contribution

- In order to contribute to a sense of place, continuity, and belonging to new developments Planning and Development Staff will, wherever possible, suggest at least one street name within each new plan of subdivision that relates to the people, places, events or things of that local area - for example, local history, geography, flora, fauna, accomplishments, etc. Heritage

## B. Community, Military or Political Service

- Names that recognize individuals, families or businesses that have made a significant historic contribution to the Town of Milton.
- Names that recognize local history such as events, land uses, cultural landscapes (aboriginal, pioneer, ethnic diversity) relative to the Town of Milton and the Regional Municipality of Halton.
- Names that acknowledge the Town's heritage resources, including heritage buildings, structures, sites, natural features, local geography and landscapes.
- Names that commemorate war veterans from the Town of Milton. All new street signs used to commemorate veterans shall be marked with a red poppy.
- Names that recognize local citizens and organizations who have had substantial international standing in their chosen discipline or who have made a significant contribution to the community at a provincial or national level.

## C. Themed Names

- Each neighbourhood\* shall have a defined theme and all new non-historic and non-commemorative street names within a particular neighbourhood shall comply with that theme. Themes shall be based on Canadian history, geography and cultural (e.g. indigenous groups, Canadian wild flowers, provinces, artists) and shall have been approved by Council.

\* Neighbourhood as defined by the Town of Milton Official Plan

## Discussion

There are currently twenty two (22) names remaining in the approved Street Name Bank, which are available to be assigned to new subdivisions. Proposed street names are required to be reviewed by our Emergency Service partners in an attempt to minimize the potential for confusion within the region, particularly in the provision of emergency services and considers the following:

- Whether the name duplicates or is similar to another street name within the region;
- The potential for spelling errors which could impact the use of computer-aided dispatch systems; and
- Ease of pronunciation.

In total, staff reviewed seventeen (17) names for compliance and of these, fifteen (15) names are recommended for Council approval (see Appendix "A"). The approval of these 15 additional names would strengthen the reserves in the Street Name Bank.
