REPORT

Background

The Corporation of the Town of Milton

The Town of Milton Corporate Revised Policy 070 sets out the process for naming new streets in Milton. It includes three (3) approved street name categories to which new street names need to comply. These categories are:

A. Historical Names

To celebrate a sense of place, continuity, and belonging to new developments Planning and Development Staff will, wherever possible, suggest at least one street name within each new plan of subdivision that relates to the people, places, events or things of that local area - for example, local history, geography, flora, fauna, accomplishments, etc. Heritage

B. Commemorative Street Names

- Names that recognize individuals, families or businesses that have made a significant historic contribution to the Town of Milton.
- Names that recognize local history such as events, land uses, cultural landscapes (aboriginal, pioneer, ethnic diversity) relative to the Town of Milton and the Regional Municipality of Halton.
- Names that acknowledge the Town's heritage resources, including heritage buildings, structures, sites, natural features, local geography and landscapes.
- Names that commemorate war veterans from the Town of Milton. All new street signs used to commemorate veterans shall be marked with a red poppy.
- Names that recognize local citizens and organizations who have had substantial international standing in their chosen discipline or who have made a significant contribution to the community at a provincial or national level.

C. Themed Names

Each neighbourhood (as defined by the Town of Milton Official Plan) shall have a defined theme and all new non-historic and non-commemorative street names within a particular neighbourhood shall comply with that theme.

Discussion

Planning and Development Staff continues to receive street name nominations from the public for the Street Name Bank. In conjunction with Milton Fire Department and our emergency service partners at Halton Region (Halton Regional Police and Halton Paramedic Services), staff has reviewed numerous submissions received for the period July 2019 to November 2019.

All proposed names are reviewed by Milton Fire Department staff and by our emergency service partners in an attempt to minimize the potential for confusion within the region, particularly in the provision of emergency services and considers the following:

- Whether the name duplicates or is similar to another street name within the region;

The Corporation of the Town of Milton

- The potential for spelling errors which could impact the use of computer-aided dispatch system emergency service partners;
- Ease of pronunciation; and
- Other criteria as stipulated in the policy.

In total, staff reviewed seventy four (74) proposed Historic and Commemorative names for compliance and of these, twenty three (23) names are recommended for Council approval (see Appendix “A”). Street name nominations that do not meet the criteria of the policy are listed in Appendix “C”. These names are being recommended for rejection as they are already used in Milton or other Halton municipalities and/or for noncompliance of other criteria stipulated in the policy.

In addition, staff is also recommending that Theme Names included in Appendix ‘B’, which are associated with Canadian National Parks and Terrestrial Regions, Ontario National Parks and Western Mountains be approved.

The names contained in Appendix “A” and Appendix “B”, comply with the naming criteria set out in Corporate Policy 70 and have been reviewed by our Emergency Service partners and are recommended for inclusion into the Street Name Bank.

Approved street names by Council may be subject to further review by our , as the lapse of time between Council approval and the adoption of these names may conflict with other street names already implemented for other Halton municipalities during the adoption period.
