

The Corporation of the Town of Milton

Report To: Council

From: Barbara Koopmans, Commissioner, Development Services

Date: October 25, 2021

Report No: DS-081-21

Subject: Recommendation Report - Street Name Bank

Recommendation: THAT Council approve the inclusion of additional street names to the Street Name Bank, tabled in Appendix "A" to report DS-081-21.

EXECUTIVE SUMMARY

- Staff received one hundred and ninety-two (192) street name nominations for the Street Name Bank since the last report in October 2020.
- The criteria for evaluating nominations is set out in revised Corporate Policy 70.
- In conjunction with Milton Fire Department and our emergency service partners at Halton Region (Halton Regional Police and Halton Paramedic Services), staff has completed the review of these submissions.
- Staff recommends that the names contained in Appendix "A" -Proposed Historical and Commemorative Names be approved, as they comply with the evaluation criteria set out in the policy.
- Approved street names by Council may be subject to further review by our emergency service partners, as there is often a time-lapse between Council approval and street name assignment.
- Conflicts may arise by the assignment of the same or similar street names in other Halton municipalities.
- Appendix "B" contains street name nominations that do not meet the policy's criteria and are not recommended for approval.
- Appendix 'C' contains street name nominations that do not meet the current policy's criteria but should be further reviewed by our Emergency Service partners once updated emergency response technology is available. .

REPORT

Background

The Town of Milton Corporate Revised Policy 070 sets out the process for naming new streets in Milton. It includes three (3) Approved Street Name Categories to which new street names need to comply. These categories are:

A. Historical Names

- To celebrate a sense of place, continuity, and belonging to new developments, Planning and Development Staff will, wherever possible, suggest at least one street name within each new plan of subdivision that relates to the people, places, events or things of that local area. For example, local history, geography, flora, fauna, accomplishments, and heritage

B. Commemorative Street Names

- Names that recognize individuals, families or businesses that have made a significant historical contribution to the Town of Milton.
- Names that recognize local histories such as events, land uses, cultural landscapes (aboriginal, pioneer, ethnic diversity) relative to the Town of Milton and the Regional Municipality of Halton.
- Names that acknowledge the Town's heritage resources, including buildings, structures, sites, natural features, local geography and landscapes.
- Names that commemorate war veterans from the Town of Milton. All new street signs used to celebrate veterans shall be marked with a red poppy.
- Names that recognize local citizens and organizations who have had substantial international recognition in their chosen discipline have significantly contributed to the community at a provincial or national level.

C. Themed Names

- Each neighbourhood* shall have a defined theme, and all new non-historic and non-commemorative street names within a particular district shall comply with that theme.

* Neighbourhood as defined by the Town of Milton Official Plan

Discussion

Development Services staff continues to receive a steady stream of nominations from the public for the Street Name Bank. In conjunction with Milton Fire Department and our emergency service partners at Halton Region (Halton Regional Police and Halton Paramedic Services), staff has reviewed the names received from Oct 2020.

To minimize the potential for confusion within the region, particularly in the provision of emergency services, staff must ensure that:

- the proposed name does not duplicate or is similar to another street name within the region;
- the potential for spelling errors which could impact the use of computer-aided dispatch system emergency service partners;
- ease of pronunciation; and
- other criteria as stipulated in the policy.

In total, staff reviewed 192 proposed Historical and Commemorative names. Of these, seventy-two (72) names meet the policy criteria and are recommended for inclusion into the Street Name Bank subject to Council approval (see Appendix "A").

Street name nominations that do not meet the policy's criteria are listed in Appendix "B." These names are unsuitable as they are already used in Milton or other Halton municipalities or do not comply with the policy's criteria.

Council-approved street names may be subject to further review by our emergency service partners at Halton Region. In addition, the lapse of time between Council approval and adopting these names may conflict with other street names already implemented for other Halton municipalities during the adoption period.

Appendix "C" contains a list of names that currently do not meet the Street Naming criteria because they are challenging to pronounce, names that are too long or duplicate names with other Halton municipalities.

Milton's Fire Chief, has indicated that there may be future technologies that could assist with eliminating the aforementioned challenges. When this technology is available, staff recommend that the nominations contained within Appendix "C" be reevaluated for inclusion in the Street Name Bank.

Financial Impact

There are no financial implications associated with this report.

Respectfully submitted,

Barbara Koopmans, MPA, MCIP, RPP, CMO
Commissioner, Development Services

Recognition of Traditional Lands

The Town of Milton resides on the Treaty Lands and Territory of the Mississaugas of the Credit First Nation. We also recognize the traditional territory of the HuronWendat and Haudenosaunee people. The Town of Milton shares this land and the responsibility for the water, food and resources. We stand as allies with the First Nations as stewards of these lands.
