

The Corporation of the Town of Milton

Report To: Council

From: Jill Hogan, Commissioner, Development Services

Date: May 30, 2022

Report No: DS-039-22

Subject: Technical Report: Temporary Use Zoning By-law Amendment Application for Milton Catholic Elementary School #10 at 675 Kennedy Circle West (Town File: Z-29/21)

Recommendation: **THAT Application Z-29/21 for a Temporary Use Zoning By-law Amendment to the Town of Milton Zoning By-law 016-2014, as amended, to change the current IA Zone (IA*267) to a Temporary Use Minor Institutional Use with Site Specific Provisions Zone (T14-IA) to permit a Secondary School for a period of two-years, on lands municipally identified as 675 Kennedy Circle West, BE APPROVED;**

AND THAT staff be authorized to bring forward an amending Zoning By-law in accordance with the Draft By-law attached as Appendix 1 to Report DS-039-22 for Council adoption.

EXECUTIVE SUMMARY

The Halton Catholic District School Board is requesting a Temporary-Use Zoning By-law Amendment for Milton #10 Catholic Elementary School. The purpose of the application is to temporarily allow for Milton #10 Catholic Elementary School to operate as a Secondary School for two (2) years. Further, the Temporary-Use Zoning By-law would also permit the relief of the base parking requirement of 4 parking spaces per classroom to 2.43 spaces per classroom.

Milton #10 Catholic Elementary School was site plan approved (SP-19/20) April 28, 2021. At this time, the School is under construction and is expected to be complete by Spring 2022. No changes to the built form of the school or parking lot area are proposed as part of the Temporary-Use Zoning By-law Amendment.

The statutory public meeting was held on March 21, 2022. Five members of the public spoke at the meeting. Staff have also received a number of written submissions which are addressed under the Summary of Issues section of this report.

EXECUTIVE SUMMARY

Since the public meeting in March 2021, Halton Catholic District School Board received Ministry approval for Milton No. 3 Catholic Secondary School (St. Kateri Tekakwitha) and the approval tender for the construction is expected to proceed in spring 2022. Staff recommends that the applications be approved, that the amended Zoning By-law be adopted with an expiry date of August 31, 2024.

REPORT

Background

Z-29/21: Milton Catholic Elementary School Temporary Use Zoning By-law

Owner: Halton Catholic District School Board (HCDSB)

Applicant: Jeff Kenny, Strategy 4 Inc., 100-2620 Bristol Circle, Oakville, Ontario L6H 6Z7

Location/Description: Milton Catholic Elementary School #10 is known municipally as 675 Kennedy Circle West (See Figure 1 - Location Map). The property is located within Mattamy's Martin East Plan of Subdivision (20M-1219) and located east of Sixteen Mile Creek, south of Louis St. Laurent and north of Britannia Road. At this time, Milton Catholic Elementary School #10 remains under construction.

Proposal: The applicant is requesting approval of a Temporary-Use Zoning By-law for Milton Catholic Elementary School #10. The purpose of the application is to allow for the Elementary School to operate as a Secondary School for a maximum of two (2) years (until 2024). The goal for the proposal is to allow for accommodations of secondary school students within the HCDSB who are currently being bussed to the City of Burlington. The School is currently under-construction and plans to be completed by Spring 2022. The applicant is also proposing to permit relief of the base parking requirement of 4 parking spaces per classroom to 2.43 per classroom required for secondary schools.

Proposal Background Information: In November 2019, HCDSB initiated a School Boundary Review for the secondary plan in the Town of Milton, to address accommodation pressures at Bishop P. F. Reding CSS and St. Francis Xavier CSS, and to establish boundaries for the proposed St. Kateri Tekakwitha CSS.

The School Boundary Review Committee was composed of parent representatives from all ten elementary schools and the two secondary schools in Milton, as well as student representatives from the two secondary schools. Additionally, public feedback was gathered from the Milton community through two public information meetings, three public feedback surveys, and opportunities to delegate to the Board.

Background

Following the consultation process, in November 2020, the Board of Trustees approved an interim and ultimate accommodation plan for the Town of Milton secondary panel, as recommended by the School Boundary Review Committee.

In May 2021, HCDSB initiated a School Boundary Review for the Boyne area in the Town of Milton, to address accommodation pressures at St. Scholastica CES, and to establish boundaries for the proposed Milton #10 CES. The School Boundary Review Committee was comprised of parent representatives from the Boyne area. Additionally, public feedback was gathered from the Boyne community through a public information meeting, a public feedback survey, and an opportunity to delegate to the Board.

Following the consultation process, in November 2021, the Board of Trustees approved an interim and ultimate accommodation plan for the Town of Milton secondary panel, as recommended by the School Boundary Review Committee.

HCDSB is now working through the appropriate municipal approvals to achieve the above accommodation plans, as recommended by the respective School Boundary Review Committees, and ultimately approved by the Board of Trustees.

Under the plans, the Milton No. 10 CES building would be used as a secondary school for 2 school years (2022-23 and 2023-24). Elementary students that ordinarily would attend the Milton No. 10 CES building will be accommodated at other elementary school within Milton, with transportation provided as per Board policy. The accommodation plans ensure that Milton students are attending a school within Milton, which was the primary concern for the School Boundary Review representatives.

Since the Public Meeting for the proposed temporary use on March 21, 2022, HCDSB has received Ministry approval for Milton No. 3 Catholic Secondary School (St. Kateri Tekakwitha) and the approval tender for the construction is expected to proceed in spring 2022. This funding will allow for an additional secondary school in southeast Milton.

The following documents have been submitted by the applicant in support of the Temporary-Use Zoning By-law Amendment application.

- Existing Conditions Plan, prepared by Statregy 4 Inc. and dated July 2019;
- Planning Justification Report, prepared by Strategy 4 Inc., and dated November 2021;
- Traffic Impact and Parking Justification Study, prepared by GHD Engineering and dated November 3, 2021; and
- Draft Temporary Use Zoning By-law, prepared by Strategy 4 Inc. and dated January 21, 2021.

Background

Planning Policy

Provincial Policy Statement (2020)

The current Provincial Policy Statement includes policies that support the creation of healthy, livable and safe communities by ensuring that necessary infrastructure and public service facilities (including educational facilities) will be available to meet current and projected needs. The document also contains policies that encourage municipalities to optimize the use of existing infrastructure and public facilities wherever feasible.

The proposed development is consistent with provincial policy as it ensures that secondary school facilities will be available within the Town of Milton for Town of Milton residents. The proposal also relies on and supports existing public infrastructure.

Halton Region Official Plan

With respect to Regional policies, the subject lands are designated Urban Area in the Region's Official Plan. The proposal to operate Milton Catholic Elementary School #10 as a secondary school for two-years conforms to the permitted uses within the Urban Area.

Town of Milton Official Plan

Milton Catholic Elementary School #10 is designated as Residential Area on Schedule B in the Town of Milton Official Plan. The Residential designation permits Local Institutional Uses. Additionally, the lands are located within the Boyne Survey Secondary Plan and are identified as Residential Area on Schedule C.10.C.

Section C.10.5.1.1 d) of the Boyne Survey Secondary Plan states that local institutional uses which by their activity, scale and design are compatible with residential uses and which serve adjacent residential areas including elementary schools (in addition to those located within the Neighbourhood Centre Areas), libraries, places of workshop, day care facilities, and community centres in accordance with specific criteria set out in Sections 3.2.3.6 and 3.2.3.7 of the Official Plan.

Planning staff note that the proposed Temporary Use Zoning By-law Amendment will utilize the existing building and site which has been approved and conforms to the Official Plan. This proposal conforms to the permitted uses and policies within the Official Plan.

Zoning By-law 016-2014, as amended

Milton Catholic Elementary School #10 is currently zoned I-A*267. The I-A zone does not permit secondary schools. The current application is seeking permission to temporarily permit a secondary school to locate within the I-A*267 Zone for a period of a 2-year term.

It is also noted the Zoning By-law requires a minimum of 4 parking spaces per classroom for secondary schools. The current application is also seeking relief to permit parking for a secondary school be provided at a rate of 2.43 spaces per classroom.

Background

A Draft Zoning By-law is attached as Appendix 1.

The *Planning Act* specifies that a Temporary Use By-law can only be approved for a maximum of three (3) years. Any extensions beyond three (3) years would require additional Council approval. At this time, the applicant is seeking to permit the use for two (2) years.

Site Plan Control

A Site Plan (SP-19/20) was approved in April 2021 for the subject property. No physical changes or development is proposed as part of the Temporary-Use Zoning By-law Amendment and as a result, if approved, a Site Plan revision is not warranted.

Discussion

Public Consultation

Notice of a complete application was provided on December 8, 2021. The applications were circulated to the internal departments and external agencies on December 15, 2021.

The HCDSB and the applicant held a Public Open House virtually, on February 22, 2022. This Open House consisted of a presentation on the proposed development and a question and answer period. Town staff were in attendance to take note of questions and comments provided.

A Statutory Public Meeting was held on March 21, 2022 and 5 members of the public spoke at the meeting in objection to the proposed development. Further, staff has received public written comments from surrounding residents who have noted objections to the applications. Their concerns are related to altering plans and concerns surrounding children being bused to another school and unable to walk to the proposed school. Further, a majority of the comments provided details on the location of the proposed school being a main contributor to why families chose to buy homes within close proximity with the goal of their children being able to walk to and from school. Technical concerns identified were related to traffic and parking impacts as well as the concern of having the temporary-use made into a permanent use. All written submissions have been attached as Appendix 2 to this Report. All of the technical issues raised are addressed in the "Summary of Issues" section of this Report.

Agency Circulation

The application was circulated to internal departments and external agencies. All departments and agencies have no objection to the approval of the application as proposed.

Summary of Issues

Discussion

Temporary Use Zoning By-law and Revision to Original By-law for One Year to Two Year

Pursuant to the Planning Act, temporary use by-laws can be authorized through Council and have a time limit of a maximum of three years from the passing of the By-law. The Town typically prefers to limit this to one year as it gives an opportunity to better assess the impact of the application following the one year and if it is determined that the temporary use is operating without issue, the by-law can be further extended by Council. However, the school board has made it clear that it will require a minimum of two years for the temporary use as the Milton # 3 Catholic Secondary school (St. Kateri Tekakwitha) is anticipated to be open in September 2024. Due to this update, the Temporary-Use Zoning By-law Amendment has been revised to request permission to allow for Milton #10 Catholic Elementary School to operate as a secondary school for two-years instead of the previous request for one year.

As such, the By-law has been revised accordingly to reflect this two year time frame. Beyond the two years, an extension to a Temporary Use By-law would require Council approval.

Once the Temporary Use Zoning By-law expires, the applicant would be required to operate the existing school as an elementary school and the required parking would be applicable for this use.

Planning staff understand the public comments identifying concerns that the proposed secondary school use could become a permanent solution for the school board but as noted above, the Temporary Use Zoning By-law will expire and the HCDSB would need to re-apply for any extension which would once again go through a public process and ultimately to be decided on by Town Council.

Traffic Impacts & Parking Demand

As part of the proposed temporary-use, the applicant has proposed to permit relief of the base parking requirement of 4 parking spaces per classroom to 2.43 per classroom required for secondary schools. A Traffic and Parking Assessment dated November 3, 2021 and prepared by GHD Engineering Group was submitted in support of the proposed development. Transportation staff reviewed the Assessment and confirmed that the expected traffic generated by the temporary proposed secondary school would be comparable to the approved elementary school. Further, the proposed secondary school use would result in an overall reduction in traffic from the approved elementary school. Further, staff noted that there is a minor increase in traffic during the morning peak period, however there is residual capacity in the surrounding intersections and no improvements would be required for the proposed temporary secondary school.

Discussion

Daycare Facilities

HCDSB has confirmed that the daycare facilities that were included in the proposed elementary school will continue to operate when the school opens and will not be impacted by the proposed temporary-use of the secondary school.

Related Subdivision & Information

Staff understand the concern from nearby residents regarding decisions to purchase in this neighbourhood based upon school accommodation for their children. All applications for subdivision approval are circulated to all school boards for review and comment, and often, conditions and warning clauses to be included in subdivision agreements and agreements of purchase and sale are included. As part of the related subdivision approval for this subdivision, the subdivision agreement included Schedule "M" which provides warning clauses and restrictive covenants to future purchasers. HCDSB did include a warning clause that stated that prospective purchasers are advised that Catholic school accommodation may not be available for students residing in this area, and that you are notified that students may be accommodated in temporary facilities and/or bussed to existing facilities outside the area.

Conclusion

Planning staff is of the opinion that the proposed temporary-use, while not the ideal accommodation preferred by the School Board, provides the opportunity for Town of Milton students to attend secondary school within the Town of Milton. Should the application not be approved, students would be required to attend secondary schools in Burlington or Oakville.

Staff acknowledges that the proposed relief to the base parking requirement may result in traffic impacts on the adjacent neighbourhood during peak periods but there will be an overall reduction in traffic as the school operates temporarily as a secondary school. For this reason, staff recommends that the Temporary Use By-law expire on August 31, 2024. This provides an opportunity for Council, staff and the public to assess any impacts prior to permitting an application to extend the Temporary Use Zoning By-law to 2024, should it be required. However, it is noted that it is the intent of the School Board for this to be a temporary solution to the current accommodation issues, and the school will return to an elementary school use once the new Secondary School is complete.

As such, staff recommends that the application be approved, that the amended Zoning By-law be adopted with an expiry date of August 31, 2024.

Financial Impact

None arising from this Report.

Respectfully submitted,

Jill Hogan

BY-LAW XXX-2022

BEING A BY-LAW TO AMEND THE TOWN OF MILTON COMPREHENSIVE ZONING BY-LAW 016-2014, AS AMENDED, PURSUANT TO SECTIONS 34 AND 39 OF THE *PLANNING ACT* IN RESPECT OF THE LANDS DESCRIBED AS BLOCK 243 PLAN 20M-1219 FORMER GEOGRAPHIC TOWNSHIP OF TRAFALGAR, TOWN OF MILTON, REGIONAL MUNICIPALITY OF HALTON (HALTON CATHOLIC DISTRICT SCHOOL BOARD) - FILE: Z-29/21

WHEREAS Section 39 of the Planning Act, as amended, authorizes Municipal Councils to pass by-laws to authorize the temporary use of land, buildings, and structures for a specific period of time;

AND WHEREAS the Council of the Corporation of the Town of Milton deems it appropriate to amend Comprehensive Zoning By-law 016-2014, as amended, to allow the proposed use for period ending August 31, 2024;

AND WHEREAS the Town of Milton Official Plan provides for the lands affected by this by-law to be zoned as set forth in this by-law;

NOW THEREFORE the Municipal Council of the Corporation of the Town of Milton hereby enacts as follows:

1. **THAT** Schedule A to Comprehensive Zoning By-law 016-2014 is hereby further amended by changing the existing by changing the existing Site Specific Minor Institutional (I-A*267) to Temporary Site Specific Minor Institutional Zone (T15-I-A*267), shown on Schedule A attached hereto.
2. **THAT** Section 13.3 of Comprehensive Zoning By-law 016-2014, as amended, is hereby further amended by adding Section 13.3.1.15 to read as follows:

Additional Permitted Uses:

- i) Secondary School

Special Site Provisions:

- i) Notwithstanding the provisions of Section 5.8.2 ii, Table 5G (38-2019), parking for a Secondary School Shall be provided at a rate of 2.43 spaces per classroom.
3. **THAT** notwithstanding Sections 1.0, 2.0, 3.0 and 4.0 of this By-law, this By-law shall expire on August 31, 2024, unless the Council of the Corporation of the Town of Milton has provided an extension by amendment to this by-law prior to expiry.

4. **THAT** if no appeal is filed pursuant to Section 34(19) of the *Planning Act*, R.S.O. 1990, c. P.13, as amended, or if an appeal is filed and the Ontario Land Tribunal dismisses the appeal, this by-law shall come into force on the day of its passing. If the Ontario Land Tribunal amends the by-law pursuant to Section 34 (26) of the *Planning Act*, as amended, the part or parts so amended come into force upon the day the Tribunal's Order is issued directing the amendment or amendments.

Subject: Z-29/21 - 675 Kennedy Circle West - No for proposed secondary school

Good Day Taylor & Mike

As a member of the subdivision community surrounding the elementary school at the mentioned above address, I would like to strongly oppose the proposed secondary school.

We bought our house in this subdivision based on the elementary school location, changing this to secondary school is not fair to the majority of young family home owners.

Please keep it as it was originally planned.

Regards
Muhammd Abbas

Subject: Save our elementary school- Milton 10

Good morning Taylor & Mike,

I am writing you today to voice my concern about Milton 10 turning into a temporary secondary school.

To be fair, hearing this news is very disappointing. I moved to this area fully knowing that my family would have a school that we can walk our kids to school every day. With kids of 4 and 2 this is very important.

My daughter is currently at St. Scholastica at the moment in JK and she is very excited seeing her school getting built every day.

As you know kids at this age make friends at their school and another 1 or 2 years at St. Scholastica and then pulling her away is not good for kids at this age.

How it affects us...

We have grandparents that help pick up my daughter and we are driving every day for pick up and drop off.

We figured this would only be for 1 year.

Secondary students are able to take transit and more mature to get to a different school. They also don't need the parents as much as the younger kids.

It shouldn't be an inconvenience on the younger kids as you are also putting more pressure on parents.

There are more elementary students than high school, I think the school should be ready for grades JK-8. As it was intended too and one of the main reasons

We bought a home in this area.

I hope this email helps and finds you well.

Frustrated parent.

Thank you

Subject: 675 Kennedy Circle West Town File Z-29/21

Hello Mrs. Wellings

Just wanted to write as a resident from [REDACTED] that I am concerned with this new proposal. I do not believe this is the right fit for the area as most people have young children and would benefit more from an Elementary School. Many bought in this area to have proximity to a Catholic Elementary school not to a highschool and this school is also supposed to have a daycare. It makes much more sense to have a school that is walking distance from home for small children then for teenagers. I am not in agreement with this plan

Subject: Catholic Elementary School - 675 Kennedy Circle Feedback

Hello Taylor,

I am writing to you regarding the Elementary Catholic School at 675 Kennedy Circle.

We are aware of the proposal for this spot to become a secondary school.

This proposal directly impacts our family as the elementary school was the reason we purchased our home in this location, and this temporary proposal would displace our son to a school outside of his neighbourhood.

I think it is important to stress that I understand why the proposal has been made. Unfortunately, this temporary proposal actually takes one problem and turns it into three:

1. High school students are **still** without a permanent home
2. Current Elementary-aged students, as well as those that are about to enroll (such as our son), **will continue to be displaced** outside their neighbourhood to accommodate for the temporary secondary school proposal.
3. The neighbourhood will lose the planned daycare centre (for up to 88 children) that was part of the elementary school plans. Many families depend on this program being available in the neighbourhood.

When we spoke to our neighbours, many of them were not informed of the proposal or did not receive the same notification as we did. We started a petition to help increase awareness for those directly affected by this proposal. You can find the petition here: <https://chng.it/cQCWyVTnk5>

We know a future public forum will be available for our neighbourhood that we plan on attending, but we want to make sure our voice is heard. This proposal truly does not help to resolve the high school problem, and only causes multiple additional problems for elementary aged children.

Thank you for hearing my concerns.

Kind regards,

Beata Taylor

Subject: School at Whitlock and Kennedy Circle West

Dear Taylor,

We are writing to state our opposition to the proposal to allow the Catholic Elementary school in our neighbourhood (Whitlock Ave and Kennedy Circle West) to operate as a secondary school.

This neighbourhood is full of young families needing elementary schools and with this school being within walking distance for us, and a Catholic school with daycare, it factored into our decision to purchase our home in this location. My son is currently 3 and will be starting elementary school in 2023.

This area is also high density with the school situated in the centre of our subdivision, not on the perimeter along a major road. High school students I see along Lois St Laurent are often loitering on sidewalks and travelling to and from plazas, the location of this school is not suitable for a high school.

Thank you for receiving our comments. Please keep us informed of future updates on this proposal.

Subject: Temporary Secondary School - SMC Subdivision

Dear Mr. Wellings,

We are aware of a request to use Milton #10 Catholic Elementary School as a temporary secondary school even though we live within 200 meters of the school and did not receive a copy of the notice. We prefer the school to be used as intended.

We purchased our house based on the amenities around us, the elementary school being one of them. Secondary schools are usually located on main streets/roads and not usually embedded within the community. There is expected a higher noise level and loitering associated with teenage students. We also feel once it is started as a secondary school, it will not go back to being an elementary school and a lower performing school, if it turns out that way, will have a negative impact on house values.

Our vote is no.

Subject: Concern for Town File: Z-29/21

Hi Taylor,

I am writing this letter in concern for the proposal to allow Milton #10 Catholic Elementary School to operate as a High School for at least one year. We as a community purchased our homes based on location and appropriate infrastructure to support our community. By converting this school which some have waited for at least 2-years already, young children in our community will be forced to continue taking buses outside of their home school boundary.

High schools require space and specific amenities to create an appropriate learning environment. Having these kids operate out of an elementary school would be a disservice to them as students.

It is my understanding that this letter was only provided to residents within 200m of the property which I believe is what is also normally done for residential zoning proposals. This change should be communicated to the entire surrounding community as it effects the entire community and not solely the residents within a certain proximity.

Regards,

Mathew Cordeiro

To: Taylor Wellings
Subject: Milton School #10 Proposal Objection

I am writing this letter to inform of my household and family's objection to the proposal written within the town file Z-29/21. As home owners within the 16 mile creek neighbourhood we were not informed directly by the town regarding a change in planning proposition, that the intended elementary school #10 has been requested to transition into a high-school. Instead we were informed by our neighbours with a photo of the letter that was sent out. It is our belief that the entire area who will be effected should have the appropriate information as well as an opportunity to oppose said changes. We purchased our home with the intent to send our young children to a local and central elementary school and with the potential for this proposal to be extended that will significantly impact the lives and planning of many of the families who chose this area based on transportation and school catchment zones.

This poses several other areas of concern for myself, our household and the neighborhood as a whole. This change will create a large increase in traffic and therefore pollution, it will limit available space on already crowded streets with a lack of parking spaces even for those who reside here. Based on behaviors and areas of concern like noise, violence and vandalism that has been associated with other highschools in the town, it is clear that this neighborhood is not a suitable space for this age and development of students to congregate or socialize and will not provide an appropriate area for their social needs.

We hope that the town will be informing all of the local residents and will take all of our concerns into account before making decisions that will effect us all.

Thank you,
Chantelle Culver

Subject: 816 Magnolia Terrace- Elementary School Proposal to High School

Hi Taylor,

I am a resident of [REDACTED], Milton and I live right beside the Catholic Elementary school. I recently got a letter from the town of Milton regarding the proposal to change this Elementary School to a High School. I have a strong objection to this proposal and don't support this change. The reason is because I moved here to this area specifically to raise my toddler and I was looking for a community walking distance to an elementary school. I used to live on Leger Way and Louis St Laurent and it was close to the high school and the high school was built right off of the main road which makes sense. Since students would take the local transit to commute to school. Having the new proposal in the middle of a newly developed community doesn't make sense and I am concerned this temporary solution will become permanent. Which will mean my daughter will attend a different school farther from our home if this High School becomes permanent. This will defeat my primary purpose of buying a home in this new community to raise my daughter and future children being close to an elementary school.

Thank you,
Kevin

Subject: New catholic school on whitlock

Hello,

I am the owner of 847 whitlock ave. Our home directly faces the open land which will be a future park. The school currently being built was planned as a catholic elementary school. We chose this area and this specific lot for the elementary school and park. We have two girls, aged 5 and 1 which will need to attend this elementary school for many years ahead. We understand there is a possibility this school will be switched to a high school which is very concerning for many reasons.

I hope our opinion and feedback will be considered

Hi Ryan, Thank you for your response, you have been available to answer our questions and we are very appreciative of that.

Yes this is a very unfortunate situation, and I'm not here to lay blame as there are many areas of government and planning that dropped the ball here but I think we can all agree, we need a better plan. This plan or recommendation is a very poor choice and now doubles or triples the impact and stress on more families and much younger children.

Yes, We do feel for the high school students and their families that have been temporarily displaced to Burlington, this is not right and I would totally understand their frustration. However, even most of those families don't think that more disruption and stress should now be added to other families and much younger children. These are high school students and young adults who are; 1. Already used to this change and 2. More mature and independent to be bussed/transported vs kindergarten and junior grade students.

Due to this school already being delayed in the community, many of us held our children back via virtual learning or in other schools further away so not to impact their changing schools and the stress and impact that comes with it, and here we are faced with that exact situation. And it sounds like with this "plan" the elementary children will likely have to be shuffled to another school yet again for the 2nd year!?! This is absolutely unacceptable and we are astonished that anyone would recommend this. We thought children's mental health was a top priority for the school board? Many families don't feel safe putting their young kindergarten or early grade children on a bus and many parents don't drive so then what? Having elementary schools within walking distance is a must for young children and families.

Also we know this is currently just a "recommendation" and still has to be approved by the Town of Milton via the zoning bylaw change for it to go forward, and we as residents and parents will be mobilizing and speaking up to ensure our voices are heard. This school will not be taken away from our children however "temporary" it may be.

I come to you not only to voice my concerns but have also put some thought into possible solutions; here's a few ideas that I would recommend and I hope will be considered by the school board:

1. Use Virtual learning to split up physical school time/space in one or more High Schools in Milton over the next 2 years. We have the technology and platforms in place already and many students and families that embrace it. Also this saves on fuel and transportation costs.
2. Consider using staggered start and end times - yes some students and teachers will have to start school earlier some weeks or stay at school later other weeks but that may be better than being bussed out of town or dealing with over-crowded class rooms.
3. Combination of 1 & 2 above.

Thank you for your time and consideration,

Dan Mendes

On Monday, February 28, 2022, 10:44:35 a.m. EST, Merrick, Ryan <merrickr@hcdsb.org> wrote:

Hi Dan,

In the Fall of 2020, a school boundary review panel recommended that we use the Milton No. 10 school for secondary students and hold the elementary students elsewhere until the new secondary school in south Milton is complete. This was to avoid having to send the secondary students to Burlington, which is where the students are currently attending until the Milton No. 10 school building is complete. The Board of Trustees accepted this recommendation in November 2020. We are expected to finish construction of the Milton No. 10 building in May 2022. Thus, for September 2022, the secondary students from southeast Milton will attend the Milton No. 10 building, while the elementary students in the Boyne area will continue to go to St. Scholastica CES. It is an unfortunate situation, but the provincial funding and approvals have not kept pace with the growth in Milton, and the Board has had to find to creative solutions to avoid sending students to other municipalities due to the lack of student accommodations.

I hope this answers your questions. You can also check out the site below for more information:

Subject: Re: [<EXTERNAL>] Milton #10 CES

Hi Ryan, I hope you are doing well.

We touched base when we purchased our home back in 2020. We were planning to have our children go to the Milton #10 CES in our new neighbourhood in Cobban in Sept 2021 (or possibly Jan or Mar 2022). Now we are hearing that this school will actually be used as a high school for a couple years (or more) and our kids will be forced to go to another school which we don't want them to go to (or we would have moved into that neighbourhood) Can you shed some more light on this situation please? If this is indeed true this is unfair and will cause alot of stress and anxiety for young children and families. Why not just continue to house those highschool kids where they are now? Although it's unfortunate for those that want to go to school closer to home, they are more mature and independent vs the displacements and transportation and safety stresses that elementary students and their families will face.

Thank you,

Dan Mendes

Hi Mike & Taylor,

Recently, We received a letter from the city regarding a proposal for Milton # 10 Catholic Elementary school to operate as a Secondary school. We are opposed to this decision because this is a new developed area and all of the residents have kids going to Elementary school. We were moved here with the intention of having Elementary school closer to our home so our kids could easily go to school.

Please reconsider this change and we request you to keep this school as Elementary school.

Regards,
Faisal

Hello,

I am emailing to advise against using the elementary school as a high school. A huge reason we moved to this area was the proximity to the school for my young child. He will be of age to attend elementary school at the time the school is to be opened.

Thank you for your consideration.

Subject: Milton 10 elementary school

Hello Taylor

I am writing you with my concerns of Milton 10 Catholic school not staying an elementary school . The idea that little kids have to be school bussed out and parents having to drive further to send their kids to school is not ideal at this age group . High school students have a much more flexible schedule with timetabling and being able to wait at home for a school bus and or walking to a bus stop being they are 13 and older . Many parents in the high dense subdivision are depending on the convince of having an elements school and day care close to their home as planned when the houses were built . Thank you for hearing the requests of many worried parents .

Subject: Z-29/21 - 675 Kennedy Circle West /No for Proposed Secondary School

Greetings Taylor and Mike,

As a member of the subdivision community surrounding the elementary school at the mentioned above address, I would like to echo my opposition to the proposed secondary school.

Many of the owners of this new subdivision made their decision to buy in this area based on the elementary schools locations. Changing the school to be occupied by a high school is not fair to the majority of the young-family homeowners in this new subdivision.

We hope to keep this designated area as an elementary school as per original plans.

Regards,

Aseel Kaiser

Hi Taylor,

I'm a resident in the 16-Mile Creek community and recently received a letter regarding a proposal to change the Catholic elementary school, located on Kennedy circle and Whitlock Ave, to a high school. I wanted to express my concern regarding this proposal. The area isn't equipped to handle a high school and would cause major area congestion. It would also create a lot more noise in the neighbourhood and since working from home is a new reality all that added noise will cause a lot of issues for residents.

I strongly oppose this proposal and would appreciate if you could support the area residents with making sure that change doesn't get made.

Thank you for all your assistance.

Hello,

This email is regarding the Secondary school being constructed instead of an Elementary school which also includes a daycare as well.

I am residing in front street of the school building and willing to see an Elementary school not a high school as it will be really busy with traffic and there is no parking at Kennedy circle west both sides. I have kids myself and know how convenient it is for grades jk-8 students to have a school at walking distance.

Thankyou
Noor

Subject: 675 Kennedy Circle - Town File Z-29/21

Hello,

As a home owner on sycamore gardens in milton , on. It is important to keep this as an elementary school as originally proposed as this temporary arrangement will likely become a permanent one and elementary aged kids in our neighborhood would benefit from a school for them. Many homeowners bought in this area to have proximity to an Elementary school not to a high school also I, this school was supposed to have a daycare. It makes much more sense to have a school that is walking distance from our homes for small children then for teenagers.

Often high school are on main streets and I believe it should stay that way. They are often in close proximity to a community centre or library and that is not the case here. Based on other older subdivisions , everything is "tight" roads, hours, school footprints etc and therefore we would like to request that this remain an elementary school as originally proposed.

This message is being sent from my iPhone using the Bell Wireless Network.

Subject: Milton #10 Catholic school

Hi Taylor, I hope you are doing well and staying safe.

I am writing because I hear from my neighbours that the Milton number 10 Catholic school is possibly going to be repurposed as a temporary high school. Although we understand that there is a shortage of both elementary and high schools for everyone in Milton it is imperative that the school remain an elementary school as it was planned. Not only has this School Construction been delayed but now we may have to scramble for yet another temporary school for our young children. As I'm sure you can understand transportation for a teenage student to and from high schools on a bus is a lot safer, less stressful and impactful on their mental health than for a young student of kindergarten or elementary age. The school was confirmed as part of the Mattamy development and one of the main reasons why we and so many young families decided to move here. This last-minute and not very well communicated change is not being received well with the residents of this neighbourhood.

Also I would like to note that we did not receive any letters or communication about this, we have only heard from our neighbours in the 16MileCreek group. I can tell you that there will be quite a lot of backlash if this proposed change to a temporary high school solution goes forward.

Thank you for your time and understanding,

Dan Mendes

Hi Taylor,

I live in the new neighborhood where the new elementary school is supposed to be, along Kennedy Circle West. I am not happy at all that it's being considered for use as a Catholic High School holding school.

My small young children deserve the opportunity to go to school within walking distance to our home and to develop friendships at their school. This is one of the reasons why we moved to this area knowing this was to be their reality. The high school students can take public transportation, some even can drive themselves to a different location and are old enough and responsible enough not to need a high school within walking distance of their homes, unlike this younger children.

I strongly hope the city recognizes the disservice this does to these young elementary school students.

Thank you for your time and consideration.

Subject: Milton # 10 Catholic elementary school

Hi Taylor
Good Morning and a very Happy New Year 2022!!

I am a resident of [REDACTED], Milton and live just in front of the Catholic elementary school which is in the subject matter.

I got a letter from the town of Milton about the changes which the town of Milton is proposing regarding this subject mentioned school. I have a strong objection about this proposed change and don't support this change. The reason is simple because this is just a brand new community built by Mattamy and most of the parents while booking their homes have kept this also in mind that their little ones will go to this elementary school which will be just on a walking distance and for that some of us have paid the extra premium also to get the unit in front of this school.

So now with the proposed change by the town of Milton will defeat their primary purpose of buying the home in this community. So I request you to reconsider your decision and keep it as elementary school only.

Regards

To: Taylor Wellings
Subject: Development Proposition- 675 Kennedy Circle West

Hello Taylor,

Please see below for the reasons as to why this community is baffled at the proposal to change this school from elementary to Secondary:

- 1) secondary schools must be build on main roads near stoplight intersections. This school is tucked very tightly in a densely packed and remote neighbourhood
- 2) there is no infrastructure to support this school and it's population. With a very low walking score as it is not connected to any main intersections, eateries, or services (no connection to LSTL or Whitlock)
- 3) the only artery to enter the community is from Thompson road. Which will make commuting a traffic nightmare since the majority of students will be forced to bus or drive in. Even if the 2 aforementioned roads end up connecting to the neighbourhood, traffic will become extremely dangerous.
- 4) the schools very small footprint is not designed for a high school population. How many portables will be piled up behind it to accommodate that? A terrible eye sore that those who paid a premium to back onto a park will suffer from the most
- 5) the community park planned next to the school is meant serve the community, not the school. A splash pad for kids has no place adjacent to a highschool
- 6) Student loitering in very tight quiet communities will create various safety issues for students as well as community members
- 7) catholic elementary students who purchased property to be close to a Catholic elementary school and Child Care centre will be displaced to another neighbourhood
- 9) the community feels cheated, mislead and robbed of the premiums they paid to live here. Most now feel that they were lured here under false pretences
- 10) a large school in a tight space will undoubtedly lower property values and our enjoyment of the neighbourhood

To say that we strongly urge the stop of this proposed change is an understatement. It is a dishonourable thing to do to our community, that has already waited long enough for the school and park to be built. We have been living here without anything but homes surrounding us for too long . I don't see any reason why the park couldn't have at least been built by now? That could have started and ended before the school started construction. We have paid enough of a price to live in Milton, financially and in terms of the livability, which is very low so far.

It's time that Milton looks out for its residents first.

Thank you

Jessica

Subject: Proposed high school 16 Mile Creek

Good evening,

As a resident of the 16 mile Creek area, and someone who will be directly impacted by the proposed Catholic High school, I would like to say how disappointed I am that I have not received any information regarding this build.

Although my son's already attend Catholic highschool, this is not something we desperately need in this area. High school children can boost economy when situated close by to library/leisure centre/shops. It's really poor planning in mine and many of my neighbors opinion.

We need an elementary school desperately. Please survey the number of younger children in the area who are being bussed to school in portables the other side of town. Let's build something we need please.

Thanks

Subject: 675 Kennedy Circle - Catholic Elementary School

Hello Taylor and Mike,

I am writing to you regarding the Elementary Catholic School at 675 Kennedy Circle. We were made aware of the proposal for this spot to become a secondary school.

It greatly impacts my family because:

- We purchased our home with the intent of having our son attend this school. The year he would be starting his education would be the year that the school is a high school.
- Our son would have to attend a school outside of his neighbourhood.
- We are concerned that the school's parking is also being greatly reduced (from 4 spots per classroom to 2.4 spots per classroom). We think that the streets may become crowded with high school students that are lacking parking spaces.

My wife and I found that as we spoke to our neighbours, many of them were not informed of the change or did not receive the same notification as we did. In order to help make our neighbourhood aware, we started a petition to collect names and comments that feel this proposal would directly impact them.

It is my hopes that this email and the [attached petition](#) (currently at 246 signatures) are included as public record for when the town is ready to make their final decision. Please confirm this.

We know a future public forum will be available for our neighbourhood that we do plan on attending, but we want to make sure our voice is heard. We're not sure if a future public forum would be cancelled due to Covid or if we may miss a notification like our neighbours did about the high school proposal.

Thank you for hearing my concerns.

Link to the petition: <https://chnng.it/cQCWyVTnk5>

kind regards,
Ken Taylor

Lina Pezzo	Milton	"I'm signing for my children and their right to have a local elementary school to attend."
Santana Goncalves	Milton	"No space for parking. Do not believe it's temporary." "I am concerned and opposed to this new proposal. I do not believe this is the right fit for the area as most people have young children and would benefit more from an Elementary School. Many bought in this area to have proximity to an elementary school not to a highschool and this school is also supposed to have a much needed daycare. It makes much more sense to have a school that is walking distance from home for small children then for teenagers. This temporary change will likely turn to a permanent one and that is not acceptable. Our young children should not gave their school taken away from them. I am not in agreement with this plan"
Priscilla Berton	Milton	"I have kids myself and know how convenient it is for grades jk-8 students to have a school and a daycare at walking distance"
Nora Fatima	Mississauga	"Families bought property in the area so their kids could be close to school. What an enormous disappointment after investing a lot of money into a new home. Being shipped off to another municipality is not an acceptable option. Add portables to current highschools before making changes that affect our young children."
Karen North-Lewis	Milton	"We need an elementary school in the new community. It was one of the reasons that I purchased a property in the area. A change to the property use is not acceptable."
Mohamad Mohsen	Mississauga	"I'm signing this as I did buy our house knowing there was going to be a school for my daughter to goto when she will be ready for school in a couple years. If this becomes a high school you'd probably see alot of family's move from this area."
jason McCutcheon	Mississauga	"I am signing because the change in decision without contacting the immediate neighbourhood households."
Jignashu Shah	Milton	"My daughter bought a house in neighborhood, believing her children would attend that school."
maureen hall	oakville	"Our young family feels the same. We purchased and moved to this area, because of close access to daycare and elementary school. A must have for us. Please make our voices heard."
Peter Dao	Milton	"Our young family is the same. We purchased and moved here for close access to the daycare and elementary school, so we can raise in this community. Don't want the high school right across the street from us."
Peter Dao	Milton	"My cousin's daughter was supposed to go here! Keep it elementary"
katherine hall	toronto	"It is unfair for people who bought houses in this area because they thought is an elementary school and then all changed now"
Nesrin Aref	MILTON	"We need the elementary school!"
Juliana Brasil	mississauga	"I have a niece and nephew that live near this school and this needs to stay an elementary school"
Patricia kotuba	burlington	"Keep it elementary school."
Waqas Rathore	Milton	"Kids need this school!"
Laura Lawton	Toronto	"The school should stay a neighborhood elementary school as originally intended."
Hilda Gulli	Sudbury	"Lets keep it elementary!"
Deepak Parasher	Mississauga	"This is bad. It will badly impacted. Please let us know when to attend the town hall. Thanks"
Sainath K	Mississauga	"Keep it elementary school"
Virginia Oliver	Mississauga	"We need elementary school! Keep it!!"
Olivia Kim	Milton	"My husband and I bought this property because we were told there would be an elementary school across the street. We have a young family and our children need their neighborhood daycare and elementary school. This is not fair to the young families who invested so much money to purchase a home in this neighbourhood."
Sidrah Rizwan	Mississauga	"Similar to Sidrah, we purchased our home, adjacent to the school solely to accommodate the needs of our 18 month old (daycare) and 4 year old (CES). I'm baffled at this lack of rational decision making. The majority of high-school kids who will be attending CES #10 will be driven in/bused in? This is a closed off subdivision. Those kids will be displaced from a 'walking' school and now I, along with other parents in this community will be displaced too! Makes no logic sense. This school was permitted as a CES, parents uprooted their lives and moved into this community based upon that fact. Honour it!"
Antoni Majka	Milton	"I do not support the change of plans to use the elementary school temporarily as a high school."
Kira Griffin	Mississauga	"We need elementary school in community and it was part of original plan. If you want to change this to secondary then please plan and complete elementary in the community before approve this."
Anand Yalla	Milton	"It is unfair for families and young atudents"
Aseel Kaiser	Milton	"Right now my kids school is 10 minutes away. One of the reasons Me and my husband purchased this house is because the kids will be able to walk and it's only 2 minutes away. If the high schools are to packed just add portables for now! WE NEED AN ELEMENTARY SCHOOL!!!"
Pearl Od	Milton
