This list includes three names to be released from the Alternate Street Name Bank for former Councillors who are no longer in office.

## REPORT

### Background

At its meeting on March 21, 2022 (Staff Report DS-013-22), Council approved an amended 'Naming Streets Corporate Policy 70'.

Staff in consultation with our emergency service partners (Halton Region Police Service and Halton Paramedic Service), have received and evaluated the street name nominations received as per the amended Naming Street Policy.

## Discussion

Since April 2022, Staff has received and reviewed twenty-seven (27) proposed Street Names. Of these, nineteen (19) names meet the policy criteria and are recommended for inclusion into the Street Name Bank subject to Council approval (see Appendix "A"). This list includes three names to be released from the Alternate Street Name Bank for former Councillors who are no longer in office.

Street name nominations that do not comply with the Corporate Policy are listed in Appendix "B."

Appendix 'C' contains street name nominations Council may approve for inclusion into the Alternate Street Name Bank. They will be considered for future street allocation where similar street names in Halton municipalities no longer challenge the Halton Emergency Partners protocol through the availability of future advanced technologies.

Council-approved street names may be subject to further review by our emergency service partners at Halton Region. The reason is that the time lapse between Council approval and the adoption of these names may conflict with other street names already implemented for other Halton municipalities during the adoption period.

## Financial Impact

There is no financial impact associated with this report.
