

The Corporation of the Town of Milton

Report To: Council

From: Barbara Koopmans, Commissioner, Planning and Development

Date: May 27, 2019

Report No: PD-027-19

Subject: Recommendation Report _Update of Heritage List

Recommendation: **THAT Council approves the revised Heritage List and update the Town's register of properties for cultural heritage as required by the Ontario Heritage Act.**

EXECUTIVE SUMMARY

The last Heritage List was approved by Council on October 2016, through Report PD-039-16. Since then, several listed properties have either been demolished or received approval for demolition. The proposed updated Heritage List is a housekeeping effort to bring the list up to date and recommends the removal of all listed properties that do not exist, have been demolished or received approval for demolition.

REPORT

Background

On October 2016, Council approved the Heritage List through Report PD-039-16. Since then, several Listed properties were cleared from a Heritage Planning perspective for demolition through a review by Planning staff in conjunction with Heritage Milton. Presently, twenty-three properties (Appendix A1) have been demolished or have received approval for demolition.

In the course of updating the List, staff has also identified that the address for the Listed property at 4982 Campbellville Road does not exist as the address was changed or merged into 4985 Campbellville Road. As such, it is recommended that 4982 Campbellville Road be removed from the Heritage List register and 4985 Campbellville Road remain on the List.

This proposed revision to the Heritage List (Appendix B) is a housekeeping effort to bring the Town's Heritage List up to date.

Discussion

The Town records currently maintains a "Heritage List" containing more than 1000 properties of cultural heritage value or interest under the provisions of S.27 of the Ontario Heritage Act. This list was last updated in October 2016.

Any listed properties on this "Heritage List" under S. 27 of the Act and the property owners would be required to give staff 60 days' notice of their intention to demolish buildings or structures on listed properties. The intention is for municipalities to have time to negotiate with the owners to gain the retention of heritage buildings that are considered significant. It also gives the municipality time to designate significant heritage buildings and prevent their demolition if the Council of the municipality considers this appropriate.

Since then, the Town has received several request for the demolition of these listed heritage resource. Each application was carefully reviewed by Heritage Milton and Planning staff. The current Corporate Demolition Policy permits staff to request for a Heritage Impact Assessment where necessary, if and when the owners of inventoried buildings or structures are proposed for demolition. If the assessment demonstrates that the property is significant, staff then have an opportunity to negotiate with the owner to seek the retention of the heritage buildings or structures in part or in whole. Where the Heritage Assessment shows that the property is of little heritage value, staff in collaboration with Heritage Milton will raise no objections to the demolition, knowing that a significant heritage resource is not being lost.

Staff continues to collaborate with the Heritage Milton Ad-hoc working group to develop the protocol to provide guidance and advice on the review of the historical significance of Designated and Listed Heritage properties to ensure valuable heritage resources continues to be conserved for future generations.

Financial Impact

There are no financial implications associated with this report.

Please note that this list is not static. Properties can be added or removed from it and addresses can change. It is therefore recommended that you double check with staff regarding the heritage value of any individual property. Please contact Anthony Wong, Policy Planner at 905 878 7252 ext. 2565 or at Anthony.wong@milton.ca

Please note that the Provincial requirement to conserve significant heritage resources applied to all properties whether or not they are included on the above list.
