- **Please provide your comments in support of or in opposition to the staff recommendation:**  
I urge the Town of Milton to proceed with this study and finalize as soon as possible for the protection of these mature homes and neighbourhoods. The destruction of sound smaller homes for the construction of larger ones is going completely against the town's climate action plan and despite it not being within the town's hands to control said development, it must take a stronger stand against it and any governing bodies who allow it to happen.
- **Do you give your permission to be audio and video recorded on the Town of Milton's live Council meeting stream?**  
Yes I give my permission
