- **Please indicate how you intend to interact with the online Council Meeting**

Both audio and video

- **Please describe the issue you intend to present:**

I wish to speak to the proposed 2021 Capital and Operating Budget

- **Please describe specific actions you want Council to take:**

I have just posed some questions regarding trees and tree maintenance, trail materials and the planned proposed purchase of two Animal Enforcement Vehicles. The answers I receive to those questions may cause me to amend the specific actions I want Council to take in regards to those issues. However, as I have just posed my questions, I recognize it is short notice and that I may not receive the answers in advance of my delegation (if approved). I will also speak to Milton's property taxes in the context of growth and, if time permits, I will refer to the public input provided. If time does not allow, I will include info about that and other actions I wish Council to take in an appendix to my delegation. Lastly, I will speak to the Town staffing levels and contrast that with the growth in Milton.

- **Please provide your comments in support of or in opposition to the staff recommendation:**

I support much of what is in the proposed 2021 Capital and Operational Budget, but I believe there is room for added sustainable initiatives, even with the uncertainty of COVID and even with Council's direction of a no greater than a 5% increase on the Town portion of the the total levy.

- **Do you give your permission to be audio and video recorded on the Town of Milton's live Council meeting stream?**

Yes I give my permission
