- **Please describe the issue you intend to present:**

I'd like to oppose the building of a 3 story Halton Public School behind my house. Town files: 24T-21003/M & Z-06/21.

The land in question does not provide adequate space for a public school and a playground for children. The proximity to the houses on Ash Gate is incredibly close.

Other than the lack of space, I am concerned about the noise and disruption constructing a school would cause especially as many are working from home due to Covid.

- **Please describe specific actions you want Council to take:**

I would like the Council to oppose the building of a public school on lands legally described as Part of Lot 8, Concession 3 (Trafalgar), Block 244, Plan 20M-1219, and Parts 1,3,7, & 8 on Plan 20R-21876 in the town of Milton.

- **Please provide your comments in support of or in opposition to the staff recommendation:**

I oppose building a Public school on the land in question

- **Do you give your permission to be audio and video recorded on the Town of Milton's live Council meeting stream?**

Yes I give my permission
