- **Please provide your comments in support of or in opposition to the staff recommendation:**

I support the following proposal for a number of reasons. It increases the property taxes collected without taking up a ton of land, it provides an opportunity for people to be able to purchase real property at an affordable price, it beautifies what would otherwise be considered an eyesore of a location, it helps local business in the area but opening up a tremendous amount of need for local resources i.e. paint, hardware, furniture. It helps other businesses on Main street by increasing density in areas with small restaurants, etc.

- **Do you give your permission to be audio and video recorded on the Town of Milton's live Council meeting stream?**

Yes I give my permission
