- **Town**
Milton

- **Council Meeting Date**

8/23/2021

- **Please indicate how you intend to interact with the online Council Meeting**

Both audio and video

- **Please describe the issue you intend to present:**

We will be presenting the Milborough Line residents' opposition to the City of Hamilton's proposed Truck Route Master Plan that is currently recommending a 24/7 heavy truck route coming in from Hwy 6 on the 11th Concession E, Flamborough to Milborough Line (the boundary road between Milton and Flamborough) and south to Derry Road. We will speak to the reasons why this is an inappropriate use of the road and why Milton taxpayer dollars should be spent on more important issues within the Town than providing heavy trucks with a short cut to Milton by way of this beautiful, pristine, rural road.

- **Please describe specific actions you want Council to take:**

We would like the Town of Milton to strongly oppose this very inappropriate heavy truck route plan proposed for Milborough Line by the City of Hamilton and agree not to spend millions of Milton taxpayer dollars to upgrade this beautiful, pristine, rural road to support heavy trucks.

- **Please provide your comments in support of or in opposition to the staff recommendation:**

We would be please to provide a written submission but would respectfully ask for a conversation with the Clerk.

- **Do you give your permission to be audio and video recorded on the Town of Milton's live Council meeting stream?**

Yes I give my permission
